25X1 25X1		were heavily occupied on 19 December. Heavy vehicular traffic was observed.  Jeep trucks and tank truck and tank truck at the west side of the billeting area. Two antenna systems with cage aerials were also in the billeting area.	25X1
	9.	The Doblhof Castle quartered soldiers wearing black-bordered black epaulets.  About 10 to 20 trucks were parked in the castle yard. Passenger car entered the billeting area, driven by a soldier with black-bordered black epaulets.	25X1
25X1	10.	A hospital was still in the buildings at 98 and 100 Helenenthal. Ambulance and jeep were parked in the yard.	
25X1 25X1		The Helenenthalhof boarding house quartered soldiers who wore black-bordered black epaulets. Twenty-three trucks were seen there. A small fuel dump was guarded by soldiers wearing black-bordered black epaulets. Trucks small trucks passenger car and jeep entered or left the quarters; all vehicles were driven by soldiers who wore black-bordered black epaulets. (2)	25X1 25X1
	Bad B	Fischau.	
	-	On 21 December, the former Kurhaus (spa hotel) in Bad Fischau (0 48/X 34), which had been converted into a barracks installation, and six adjacent wooden barracks buildings were heavily occupied by troops wearing black-bordered red epaulets. The total strength was estimated at one battalion. About 100 troops were drilling in the area south of the Woellersdorf Plant and north of the Fischabach (brook), which flows east of Bad Fischau	25X1 25X1
	13.	A small fuel dump containing barrels was at the former Spa hotel north of the Ead Fischau railroad station. Four tank trucks were in a garage directly southwest of the railroad station. Soldiers who were black-bordered red epaulots entered the garage. (3)	
,	Wiene	er Neustadt.	
	11.	A camp of about eight wooden buildings was located on the western edge of Wiener "oustact (0 48/X 74), at the north side of Teikersdorferstrasse, about 1 km west of a point where the road forks to Bad Fischau and Weikersdorf (0 48/X 24). The buildings seemed to be new. Some soldiers doing close-order drill, and 15 trucks of American types and four AT guns with small limbers were observed in the camp. (1	<b>,</b>
5X1 5X1 5X1	(2)	Comments.  The information does not indicate any essential changes at the posts since the last report of 16 November  The situation was unchanged since last report of 22 November  About 50 soldiers were reported to have been quartered in Bad Fischau in September 1949.  Further information is needed to determine the actual strength and assignment of the troops stationed there.  The cantonment was reported for the first time.	25X1 25X1
